

JABRA PRO™ 9470

Long-range wireless DECT headset that connects seamlessly with desk, soft- and Bluetooth® mobile phones. Unrivalled audio performance and state-of-the-art usability with touch screen controls and SmartSetup wizard.

Key features

- First DECT headset with touch screen for greater call control
- Triple connectivity: desk, soft and mobile phone
- 2 microphone Noise Blackout™ and wideband sound

Key Benefits

- Control all your phones from one headset
- Superior audio experience without distracting background noise
- Choice of 3 wearing styles for greater comfort

Sales pitch - end user

"Do you switch between different phones during a work day? - With Jabra PRO™ 9470 you can manage calls to your desk phone, mobile phone and softphone from ONE single headset offering superior sound and range."

Sales pitch - decision maker

"Jabra PRO 9470 is a great investment because it allows professionals to work anywhere and still be able to answer calls to all their numbers from ONE single headset."

Target users

Business professionals that spend most of their time in the office, but also have a company mobile phone to use out of the office.

Office personnel will love it because...

- The extended range allows them to walk about while on a call

Specialists will love it because...

- It supports softphones with wideband sound quality

Managers and Executives will love it because...

- Now they only need ONE headset for their deskphone, softphone and mobile phone
