Plantronics Voyager™ 510SL

BLUETOOTH® ALL-IN-ONE

Voyager unites multiple phones in one headset. Toggle between two cell/PC/desk phones, lightweight and comfortable all day, up to 33 foot range.

Voyager 510S
Voyager 510SL w/HL10 Lifter

Plantronics Cisco Headset Hookswitch Control Adapter (APC-4)

Seamlessly connect your Cisco Unified IP phone with all Plantronics Professional Wireless Headset Systems, including the CS product family and the Plantronics Voyager 510S Professional Bluetooth Headset System.

The APC-4 enables the following benefits:

- Answer and end calls from up to 300 feet away from your phone
- The freedom to move about the office and multi-task
- Connects with one simple step*

The APC-4 is compatible with the following Cisco Unified IP Phones:

7975G, 7965G, 7962G, 7945G, 7942G

Cisco firmware needs to be version 8.3(3) x or above, Unified Communications Manager version 4.1(3)SR5x or above. The Cisco Unified IP Phone Expansion Module requires the use of cable adapter, p/n 40287-12.

*The Cisco APC-4 software functionality must first be enabled through the Cisco Unified Communications Manager administration application (default is "Disabled"). Contact your system administrator to enable this feature.
